

Roadway Project Engineer/Designer

TGS Engineers is looking for a project engineer/designer to join our roadway team in Raleigh. TGS Engineers is a multi-discipline engineering and consulting firm that has focused on transportation projects for over 43 years.

Desired qualifications include a four-year degree from an accredited program in Civil Engineering, 1-4 years' experience in roadway design. Proficiency in Corridor Modeling preferred but can train. This is a full-time position, and the ideal candidate has experience with NCDOT projects and a knack for problem solving.

Experience & Skills Preferred:

- 1-4 years' experience in transportation and roadway design
- Experience working with NCDOT Highway Design (includes familiarity with NCDOT design criteria and standards)
- MicroStation proficiency a must
- Excellent written and verbal communication skills required

TGS Engineers is proud to be an Equal Opportunity and Affirmative Action Employer and maintains a Drug Free Workplace. TGS Engineers will consider all qualified applicants without regard to race, color, religion, national origin, protected veteran, or disability status. Qualified interested professionals can reach us at info@tgsengineers.com
