

## **PROJECT MANAGER – ROADWAY DESIGN**

TGS Engineers is looking for a Professional Engineer (registered PE) to join our team in Raleigh. TGS Engineers is a multi-discipline engineering and consulting firm that has focused on transportation projects for more than 43 years.

Desired qualifications include a four-year degree from an accredited program in Civil Engineering, 7-10 years of experience in roadway design. This is a full-time position, and the ideal candidate has experience managing NCDOT and municipal projects.

### **Experience & Skills Preferred:**

- 7-10 years of experience in transportation and roadway, highway, and municipal streets & sidewalk design
- Familiarity with NCDOT design criteria and standards
- MicroStation proficiency a must
- Proficiency in Corridor Modeling/ORD preferred.
- Excellent written and verbal communication skills required
- Ability to carry a project through to completion while maintaining schedule and budget
- Ability to assemble and manage interdisciplinary project teams.
- Driven to manage and develop key client relationships
- Proficiency in Microsoft Office including Microsoft Project

TGS offers competitive salaries and a generous benefits package. TGS Engineers is proud to be an Equal Opportunity and Affirmative Action Employer and maintains a Drug Free Workplace. TGS Engineers will consider all qualified applicants without regard to race, color, religion, national origin, protected veteran, or disability status. We participate in E-Verify. All applicants must be authorized to work in the US. This is a local hire.
